COMMUNICATION TO EXAMINERCONVEYING CORRECT COPY OF CLAIMS

This paper is being filed in response to the Office Action mailed December 22, 2003. In that Action, the Examiner pointed out that certain of the claims being presented differed in their language from the immediate prior version (as filed). This paper provides a corrected copy of the claims to the Examiner for consideration. Fees for the added claims were previously paid in the paper filed October 14, 2003.

Reconsideration and reexamination are respectfully requested in light of the amendments and remarks below. This amendment uses the Revised Amendment Practice, 37 CFR §1.121, effective July 30, 2003. The entire set of presently pending claims has been reproduced below in the approved revised amendment format. Amendments relating to the specification, claims, and/or drawings begin on separate pages of this paper. Any amendments to the specification and drawings have also been presented in the revised format. No separate marked-up copy of the amended specification and/or claims has been provided.
